

**Art Style:**

We will use a simple cartoon style, with bold lines and mostly flat colors.

All characters are animals, but do not need to adhere to standard animal colors. [Fig 1]

Fig 1. Citizens & The Jester

Typically, different expressions will only affect the face. [Fig 2]

Fig 2. King Expressions

**Line Style:**

- All sprite lines must be drawn using the Clip Studio Paint “Felt Pen” tool.
- The brush must be set to 5px, with anti-aliasing 3, and no pressure control.
- The lines are expected to be dark blue, specifically the color hex `#031520`.

**Color:**

- All colors must be bright and soft
- Use a limited palette for each individual character
- For characters who are seen less, follow a semi-monochromatic color scheme for easy recognizability of said characters
- Try to reuse colors where possible
- Use flat colors or gradients (gradients only in background, never on character sprites)
- Never use any color darker than the lines

Important colors:

- Lines are #031520
- The sky is #9adaff
- The grass is #7da88d
- The king's fur is #c8e6e9
- All guard fur is #cead80
